

FUN3284 GIANT PUMPKIN - Assembly Instructions

Review parts and skeleton structure diagram.
 Lay base on floor. Add fabric "shoes" to lower leg pipes. Place on base.
 Finish building legs and add "pants".
 Feed plastic pelvis through bottom of power box piece.
 Connect to top of legs. Pull up pants.
 Power box controls and speaker should face the back.
 Add ribcage to top of power box piece.
 Add shoulder/spike piece above ribcage.
 Drape jacket over frame, inserting spikes into fabric.
 Add arms through sleeve and connect at shoulder.
 Cover "hands" with fabric.
 Add black draping to shoulders and pelvis.
 Add head to top of shoulders. Connect head and power box wires.
 Add neck and spine cuffs.
 Connect plug (right outlet) and footpad (left outlet) to power box.
 When switch is ON, item activates by light/sound sensor.
 When switch is OFF/TRY ME, item activates by FOOTPAD.
